

# Primary Grammar: Homophones

---

Homophones are words that share the same sound with other words but have different meanings and spellings. To understand English better, it is essential to understand the differences and, in the context, it is used in.

Read these words.

flower	here	break	right
sun	sea	sell	night

Now read these words.

flour	hear	brake	write
son	see	cell	knight

Did you notice that these words sound the same? Do you know the meaning of these words?

We need to make sure we spell the word correctly to ensure we have the right definition. Read the following sentences, which sentences are correct?

- The **sun** is yellow and bright.
- The **son** is yellow and bright.
- I like to **right** in my book.
- I like to **write** in my book.
